

The Offshore 150N

The Offshore 150N Lifejacket has been designed as a dual purpose Emergency Abandonment or Constant Wear lifejacket. The split front design allows the wearer unrestricted movement and full forward and downward vision.

The patented interlocking lobe design provides an effective wave barrier preventing water from being channelled into the mouth while the tailored neck design gives vital support to the head and neck, even to an unconscious subject.

Options include:

- Panotex fire proof cover
- PVC or nylon cover
- Deck harness system
- Spray hood
- Buddy line and strobe light
- Crotch strap

Specification:

- Equipment: twin independent chambers
- Automatic inflation system
- Retro-reflective tape
- Whistle, location light and grab loop.

Features:

- Patented interlocking lobe design
- High visibility fabric
- Twin chamber security
- Lightweight and comfortable to wear
- Wide range of options
- Fully complies with SOLAS 1983 and SOLAS 98 amendments. E.U.M.E.D (Ship's wheel) approved

HP70

The HP70 twin chamber lifejacket has been designed specifically for the rigorous demands of the offshore industry to be used as an abandonment lifejacket.

Specification:

- Equipment: Two independent chambers
- Automatic firing mechanisms
- Whistle
- Retro-reflective tape
- Locational light
- Grab loop

Features:

- High visibility fabric
- 300+ Newtons buoyancy
- Contoured head and neck support
- Yoke style bladder
- Fully complies with SOLAS 1983 and SOLAS 98 amendments. E.U.M.E.D (Ship's wheel) approved

Options include:

- A wide range of cover options including heavy duty and fire proof covers
- Spray hood
- Strobe light
- Buddy line
- Deck harness

Interlock 275

The Interlock 275 is specifically designed for use as a combined working/abandonment lifejacket. It is designed to be worn when the user is wearing heavy duty clothing or an abandonment suit - where it guarantees to self right the wearer.

Specification:

- Equipment: Two independent chambers each with 300 Newtons
- Automatic firing mechanisms
- Whistle
- Retro-reflective tape
- Locational light
- Lift/Grab Loop

Features:

- Lightweight and easy to wear
- Patented interlocking lobe design
- 300 Newtons buoyancy
- Contoured head and neck support
- High visibility fabric
- Fully complies with SOLAS 1983 and SOLAS 98 amendments. E.U.M.E.D (Ship's wheel) approved

Options include:

- A wide range of cover options including heavy duty and fire proof covers
- Spray hood
- Buddy line
- Crotch strap
- Deck harness
- Strobe light
